***EPI 680: Topics in Clinical Research is a two credit hour class which students attend and participate in lectures provided through the K30 Clinical Studies program at the School of Medicine beginning each spring term (January) following fall admission and extending into the summer term (June). However, do not register for EPI 680 until the summer semester. The grading is on a Pass/No Pass basis. To earn a grade of Pass, students must attend a minimum of 80% of the lectures over two semesters and participate in all discussions during which they are present. Please contact the EPI Program Coordinator for the course syllabus and course schedule.*
